

elevation station

American Metalcraft raises the bar on creative food presentations with our Elevation Station. A versatile buffet system with a "build-on-it" format, the Elevation Station includes full size and half size frames and hanging racks that fit chafers, bowls, baskets, and platters.

Everything about the Elevation Station is easy! Every rack fits every frame. Simply hook the rack where you want. Use the charts on pages 212-213 to coordinate accessories in the racks. To re-configure, just move your racks. Try your own bowls, baskets, and platters, too.
